Next-Level AI-Powered Instructional Design with IDEAL-Gen.AI's Fully Editable Automatic Prompt Generator

### IDEAL-Gen.AI'S Core Benefits

#### AUTOMATIC PROMPT GENERATOR

Experience the magic of our AI-driven prompt generator feature. Select specific criteria and options, and watch as IDEAL-Gen.AI generates text-based prompts tailored to your preferences. Refine and review the prompts to create engaging and customized learning activities, lesson plans and assessment tasks like never before.

#### INTELLIGENT CONTENT GENERATION

Let the power of machine learning work for you. IDEAL-Gen.AI utilizes advanced algorithms to generate relevant and high-quality educational content and interactive resources. Based on your preferences and learning goals, our platform suggests instructional design elements that enhance learning outcomes and increase student engagement.

#### SAVE TIME AND EFFORT

IDEAL-Gen.AI streamlines the content design and instructional design process, saving you valuable time and effort. Our intuitive user interface and efficient navigation allow you to generate customized learning activities, lesson plans and assessment tasks within seconds. Spend more time interacting with your students and less time searching for resources.

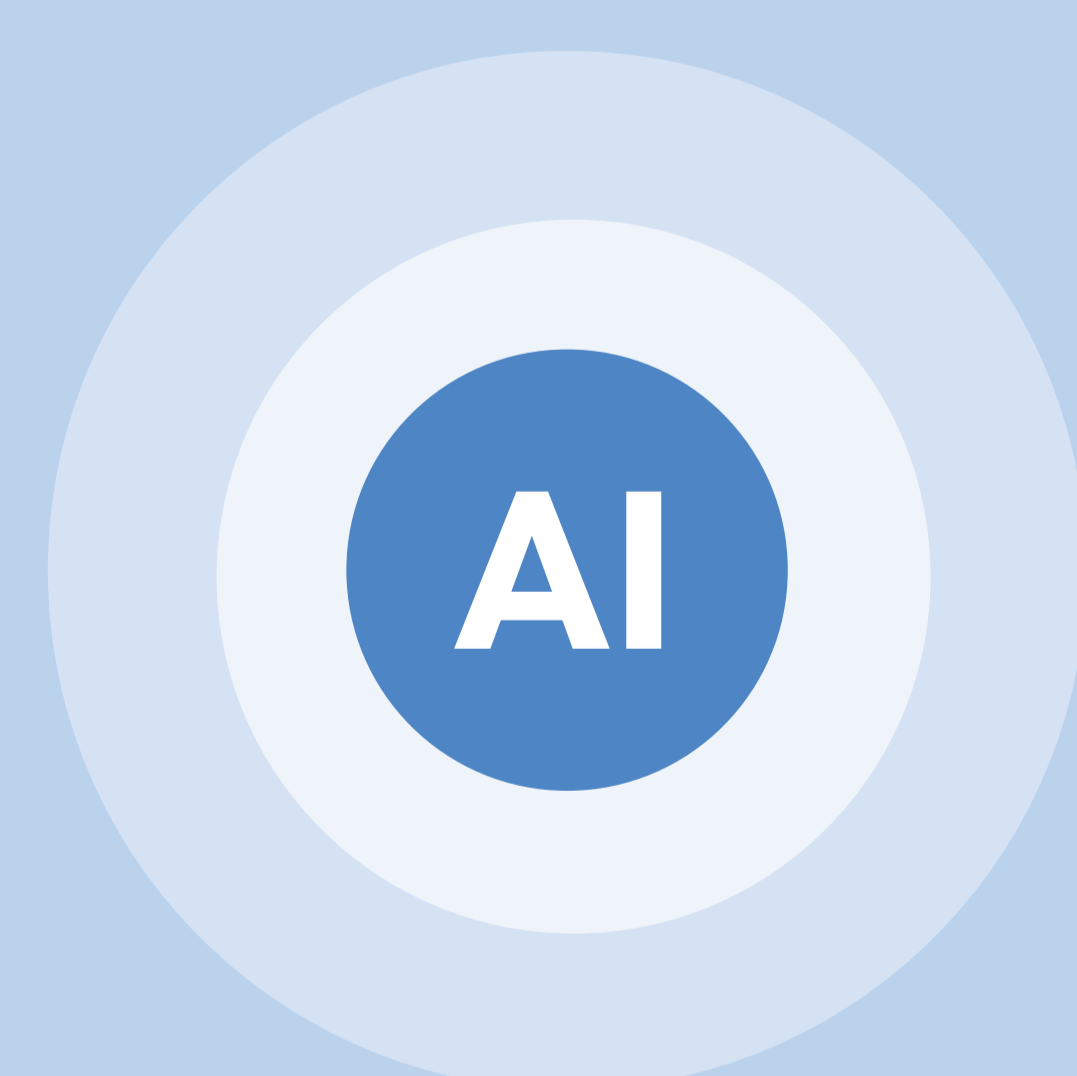

#### FLEXIBILITY AT YOUR FINGERTIPS

Embrace pedagogical flexibility like never before. IDEAL-Gen.AI offers a wide range of customization options, allowing you to tailor your instructional design and delivery approach to your unique teaching style and preferences. Adapt your lessons to different contexts, whether it's a traditional classroom, online environment or hybrid model. Embrace flexibility and witness increased student engagement and improved learning outcomes.

Get ready to revolutionize your teaching experience and engage your students like never before!

## Discover Intelligent Prompting and Guidance with IDEAL-GenAI: Streamline Your Design Process and Unleash the Power of AI in Education!

Unlock a new dimension of teaching and learning with IDEAL-GenAI, the ultimate chatbot platform that revolutionizes instructional design and enhances active learning through the power of generative artificial intelligence (GenAI).

At IDEAL-Gen.AI, we are revolutionizing education through the power of AI. We are dedicated to empowering educators like you with innovative tools and technologies that transform learning. Join us on this exciting journey as we reshape the future of education.

Ready to explore the future of instructional design?

Contact us today to learn more about IDEAL-Gen.AI. We're here to support you on your journey to revolutionize education with AI-powered instructional design.

## Acknowledgements

IDEAL-Gen.AI is the result of a collaborative initiative under the Inter-institutional Collaborative Activities for Teaching Development and Language Enhancement (IICA-TDLE) project, funded by the University Grants Committee (UGC) of Hong Kong. Led by Lingnan University, this project involves collaboration with The Hong Kong University of Science and Technology, The Chinese University of Hong Kong and The Hong Kong Polytechnic University.
